Submission Deadlines:

Applications must be received by April 10 and October 10. Trustees meet in May and November to consider requests. The Foundation normally notifies applicants of the Trustees' decision within one week of each regular meeting, and applicants receiving grants may expect to receive payment within a month of notification. Organizations that receive grants from the Foundation are required to submit completion reports.

If you have questions, please visit the [Foundation website FAQs](#) before contacting the Program Officer.

Instructions:

1. Navigate through the application with the tabs at the top of the screen or the Next button at the bottom. Do not use the browser's back or forward buttons.
2. When cutting and pasting from a word document, bold, bullets, italics, underlining, colored text etc will not carry over.
3. When you save your work, you will receive an email notification with information on how to return to the saved draft.
4. You will have the opportunity to review your completed application on the final page. Select the SUBMIT button to send your completed application to the foundation. You will receive an email confirmation with a copy of the application.

Tips for the Online Application

- We encourage you to cut and paste your narrative responses from a word processing application to ensure work is not lost. The Online Application Preview document to the right under "Downloads" can be used for this purpose.
- Save your work frequently as you are filling out the application.
- Click the "Next" button at the bottom of each page to move through the application. You may also click on the page title tabs at the top of the application to toggle between pages. Do not use your browser's back and forward arrows.
- Click on the "Review My Application" tab at the top of any page to view the application in its entirety. The field will be populated with your completed answers. You will have a final chance to review and amend your work prior to submission.
- The Foundation does not have access to your draft applications.
- After each deadline, any un-submitted applications will be deleted.

Troubleshooting

Problem	Solution
I am signed in to my account but I can't find where to start a new application.	Even if you have an existing account, all new applications MUST be started by clicking the "New Application" link found on the <i>Apply</i> page of the website.
Our staff has changed , and we lost our login information.	Contact staff to update your account to a new email address. Using "info@..." or a more generic account for your organization may help alleviate this problem in the future.
One of my documents will not attach .	Chances are your file is too big (no 990s please!). Sometimes using a PDF can help. If it continues to fail to attach, please contact staff for assistance.
