As of September 2021, the Davis Conservation Foundation has transitioned to a new online application and reporting portal. All applicants need to create a username and password to access the application, regardless of whether you have applied previously.

The following are step-by-step instructions to create an account to submit an application. You may sign in at any point after that to continue to work on an application in progress before the deadline. If you have any problems or questions, do not hesitate to contact DCF staff at lsmith@davisfoundations.org for assistance.
